INCIDENT NO. **13-00271**INCIDENT DATE/TIME **05/28/2013/00:00****ASSAULT AGGRAVATED**

On 05-28-13 we were called into the booking area where the jailers were having problems with an inmate. When we arrived in the booking area Officers Hickman and Walker were having to manhandle Chris Luke where he was fighting and biting them. Chris was finally subdued. Before that jailers were sent to the cell block where Chris Luke was laying on the floor unconscious and while Officers Hickman and Walker were helping him out of the cell block Luke started fighting them and it lead on into the booking area.

Jimmie Reid viewed the camera system to find out what happed in the cell block and it showed that Chris Luke was talking to someone on the phone and when he hung up he was walking and talking to a black male when William Smith stood up from a table and swung and hit Luke in the head and Luke hit the floor and did not move.

OFFICER'S SIGNATURE :

A handwritten signature in black ink, appearing to read "Jimmie Reid", is written over a horizontal line.

GIVE DETAILS OF INCIDENT

At 2:45 P.M. Ofc Crockett call on the radio that a
Ipm was down in B-block so I Ofc Hickmon, Guess and Walker
responded. The Ipm Christopher Luke was crying and rolling
around on the floor, so I Ofc Hickmon got the blood pressure
machine to check his blood pressure, but he refuse, and
Ofc Walker ask him to get up, we going to take him Ipm Christo
Luke to Detox so we can watch him, but he starting fighting
an Ofc Walker spray him.

GIVE DETAILS OF INCIDENT

On the above date and time, I officer Walker and officers Hickman, Guess responded to a call from the controll room by officer Crockett stating "There is a inmate on the ground in B zone." As we came to check on the individual, we realized it was inmate Christopher Luke. I asked him was he okay. Inmate Christopher Luke responded yes but he was crying and rolling around side to side. Off Hickman brought the blood pressure cuff to check his blood perssure but he refused and started to yell and came combative. I asked Inmate christopher Luke to get up and lets go to booking and check you.

out. I helped inmate christopher luke up and we started to leave B-zone. When we approach the door. I was behind him. Inmate christopher luke saw how close I was to him and started to throw elbows at me from behind him. From left to right. Me and officer Hickman took him down. I yelled out to inmate christopher luke "stop fighting." As I move to get a better position for a arm bar. Ofc Guess move in to controll the top half of inmate christopher luke body. Inmate christopher luke saw that ofc Guess was near his face and bit ofc Guess hand. At this point I realized that inmate christopher luke will do anything to get loose, so I sprayed inmate christopher luke with my mace in his eyes. That help us with gain a little more control due to the fact he couldn't see anymore hands or any body parts to bite. At this time inmate christopher luke still refused to go and kept resisting. After 5 to 10 minutes of trying to subdue inmate christopher luke. We manage to put one side of handcuffs on one wrist but due because of his combativeness and resisting he manage to latch the other side on the same wrist so we couldn't handcuff him. So we had to use another pair. Once we got him "inmate christopher luke" in restraints. He didn't want to walk so me and ofc Hickman carryed him to detox two. Since he was sprayed with mace. I told inmate christopher luke. I need to wash your face off and you need to take a bath; to get the

Make out your eyes. As inmate christopher luke came out of detox two. He was still mad but complaint. Ofc Hickman came in the bath room with me as well. As soon As I turn the water towards inmate christopher luke. He came out and swung with the hand with the handcuffs and hit me on my right wrist. Ofc Hickman took him down. Me and ofc Hickman realize he still wants to fight, so we put him back in detox two. But we still have to get the handcuffs off his wrist because know he realize he can use it for a weapon. Ofc Hickman and I went in to get them off but both key hole was facing each other and the key couldn't get in to unlock the cuffs. It's was hard enough to get to that point because inmate christopher luke refused to stand down. He kept fight back. We tried getting the bolt cutters but by him fight back. It wouldn't be safe. In the process of Me ofc Hickman, ofc Guess trying to get it off. He bit me on my right hand. We decided to stop and wait for further instructions from Jimmy Reid. @

End of Report.

NAMES OF PERSONS INVOLVED IN INCIDENT: 1. Chris Luke 2. Off. N. Walker
3. Off. B. Guess 4. Off. H. Hickman 5. Off. A. Crockett 6. _____

GIVE DETAILS OF INCIDENT

On 5-28-13 around 1445 hrs, Off Crockett called and told me that the other officers were fighting with an inmate trying to get him under control. I went to B-Block and found Officers Hickman, Walker and Guess on the floor with an inmate that I soon learned to be Chris Luke. Chris was fighting the officers and would not give then his hand to be restrained. I put my knee into his neck in an attempt to restrain him and tried to get his right arm behind him. He had one half of a pair of _____

handcuffs on his right wrist and kept trying to keep that wrist and arm underneath his body. I was trying to talk to Chris in an effort to calm him down but he continued to fight or struggle with us. I got his head back out from underneath him. I then realized that he had both half of the cuffs on his right wrist. I tried to uncuff half of the cuffs and learned that he had the key holes facing each other. I was not able to get a key in to unlock the cuffs. By now the Sheriff or Deputy Burt had arrived. Burt gave me a pair of cuffs. I started over on his right wrist and the other officers moved him around so that we could reach his left wrist. He was cuffed and Officer Walker started carrying him out of the cell block. Officer Hickins soon began to assist Officer Walker. Chris Luke was taken to the booking area and put into Detox 2 (the smaller Detox cell). The second set of cuffs were removed from his wrists. I told the jail officers that we would have to try and get him clean up since I could smell that OC Spray had been used in the block. I wasn't sure how much was on Luke because his eyes were open and he was breathing well enough to keep resisting us. Officer Walker was able to get Chris Luke up and into the shower area. Officer

INCIDENT REPORT ADDITIONAL SHEET

Walker soon came to my office and informed me that Chris Luke had struck him with the pair of handcuffs that were locked on his ^{wrist} ~~arms~~. I told Off. Walker that we would have to cut those cuffs off before he hurt himself or someone else doing that. I gave Walker a pair of bolt cutters and sent him to get them off of Luke. He came back and told me that Chris Luke would not let them cut the cuffs off and was struggling with them. I told them that the cuffs had to come off. I got up and went and asked the Sheriff to come back and see if he would let us get them off. When I went to the detain cell, Chris Luke was on the floor and appeared to be asleep. I tried to wake him up and finally got an ammonia cap and put it under his nose. He responded to that and got it under his and put his head back down. I told the jail officers that we would go ahead and cut the cuffs off of him while he wasn't fighting. Myself, Off. Shers and Hickman started trying to get the cuffs off. I called Chris by name and told him not to fight me. I then told him that I had to get the cuffs off of him and for him to hold his arm out. He held his arm out and I held his arm. Off. Shers cut the hinged cuffs off of him and Off. Hickman took his keys.

INCIDENT REPORT ADDITIONAL SHEET

and removed the two balls from his wrist. He wasn't really very responsive at that point. I told the jailers that he was acting like he had a seizure. Off. Walker stated that he knew exactly what he was doing in the block when he hit Walker & Off. Guess. I told them that they had to keep a close eye on him regardless, because I had never known Chris to act anything like this. I contacted Chief Cox and told him what had occurred with Chris and that he wasn't acting normal. I told Chief Cox that they would need to come and check on him because he was their prisoner. Bill said that he would send someone. As I left the nurse station a few minutes later, I saw Chris standing at the door of the detox cell. He appeared very shaky on his feet and I told him to go sit down before he fell down. He made his way to the back of the cell and sat down. In just a few minutes CPT Repe came to the jail to check on him. I told Repe that he had just been standing up but I had him sit down. CPT Repe tried to talk to Chris from the door. Chris had laid back down on the floor and appeared unresponsive. I took another ammonia cap into the cell and placed it under Chris' nose. He responded

REPORTED BY:

JH Reed WSO

INCIDENT REPORT ADDITIONAL SHEET

to the ammonia and CPT Repe was able to talk to him for a few minutes. Repe then called Chief Cox. Repe told Chief Cox that he would be alright. He then left the jail. I told the jail staff to continue to keep a close watch on Chris Luke throughout the evening and be sure to pass the information of this incident on to the oncoming shift at 2300hrs. I called the jail around 2000hrs to check on him. I was told that the male officers had been able to get Chris to the shower and were getting him cleaned up. I took that as a positive sign. The next morning, I was told that the Police Dept refused or decided against taking Luke to Court because he wasn't acting right. I went to the cell that Chris was in on Wednesday afternoon around 1600 hrs. I was able to talk to Chris and he talked to me. He asked about getting a bond so I told him that I didn't think the judge would allow him a bond since he was already out on a bond. I told him that his father had talked to the Court and had been here to check on him. He asked where Danny Luke was at and I told him that he wasn't here right now but had been here. I asked him how he was feeling and he told me that he had a bad headache. I asked if he had received

NAME AND DATE ON FRONT PAGE

REPORTED BY:

JH Reid N-20

INCIDENT REPORT ADDITIONAL SHEET

any medicine for the headache. He said no. I asked the jail staff if nobody had given him any Tylenol or ather pain relief. I got him two Tylenol and gave them to him at his request. He took them while I was there. Upon leaving the jail, Mr. Luke drove up and I told him that Chris was able to talk to him but that he still didn't see like himself. I told Mr. Luke that I was going to have ~~JHR~~ the nurse check him when she came in on Thursday morning. On Thursday morning, I asked Sonya Rainey to go to the isolation cell and check on Chris Luke. After doing so, she contacted the Police Department and informed them to have someone come and get him checked out. SSG Danny Carter came to the jail and the nurse told him that he had to be checked out. Danny told her that he had to call Chief Cox before doing that. Nurse Rainey told him that was who she tried to speak to when he got sent over. Danny contacted the PD or Chief Cox and it was decided to have EMS come to the jail to check on Chris Luke. I was in the booking area when EMS came in and went with them to check on him. Chris didn't see very responsive when they were talking to him. His blood sugar and blood pressure were within normal limits and

REPORTED BY:

JH Rainey-20

INCIDENT REPORT ADDITIONAL SHEET

EMS advised that it was up to the (PD) whether they wanted him transported. While the PD was trying to decide what to do, I told EMS that Chris had been acting this way since being involved in an altercation on Tuesday. One of the medics asked me if he always stuttered when he talked. I told them that he did not usually act this way. The other medic seemed to take notice of that and began to feel on Luke's head. He stated that it was a sign of a possible skull fracture and that he needed to be taken to the ER to be evaluated. The PD agreed to that and EMS loaded him up and transported him. Luke was able to stand and get on the stretcher. Later, I was contacted by Chief Cox and told they were going to release him on a Re Cog bond that he was going to require more testing. They sent someone to the jail to get the bond for and later brought it back. I met and reviewed the tape and observed William Smith assault Chris Luke. The behavior seen in Luke started at that point as best I could tell.
